

## **Bethany United Church of Christ**

### **Audio Visual Coordinator**

**Goal: Use the technology to enhance the church's worship ministry. This includes but is not limited to the following:**

- Operate tech for all worship services, with first refusal for funerals or weddings (additional compensation for funerals and weddings)
- Oversee the training, scheduling and work of the volunteer A/V equipment operators in the sanctuary, making sure that a trusted substitute is trained to cover your absences
- Create a template and overall design direction for graphics and other items shown on the screens during the service as well as providing the final product (we use ProPresenter)
- Create occasional virtual choir or musical selections or creative additions to worship as needed
- Curate posting of services across media platforms (we use Boxcast to livestream over its streaming service and YouTube, FaceBook Live and Zoom)
- Track worship attendance across all media
- Attend staff meetings (between 2-4 per year)

#### **Qualifications:**

- Experience operating A/V for worship services that include livestream and Zoom
- Ability to create needed graphics for the screens
- Ability to mentor volunteers so they can share in the A/V ministry
- Ability to work as part of a team
- Comfort working in a church environment that is led by a woman pastor and is open and affirming in its welcome to all, including those who identify as LGBTQ+

**Compensation:** \$ 20-\$ 30 per hour for 6-8 hrs per week, including Sundays, depending on experience

**For Additional Information or to apply:** Contact Rev. Kim Mislin Cran ([pastor@bethanyucc.org](mailto:pastor@bethanyucc.org))
