

Plymouth Church Memorial Forest Signage

We are seeking a grant from the Living Water Association for \$2000 to offset the total expense of the signage. While we have not decided on the vendor yet, the cost estimates are:

Component	Estimated Cost Range
Design (graphic design, layout, photos, etc.)	\$500 – \$1,500
Fabrication (high-pressure laminate, aluminum panel, UV-resistant printing, etc.)	\$900 – \$2,000
Mounting Frame/Stand (depending on install needs)	\$300 – \$900
Installation (site prep, labor, hardware)	\$300 – \$1,200

Total Estimated Range: \$2,000 to \$5,600
(depending on materials, complexity, and installation specifics)
