

COMPASSION HAITIAN LEADERS

MISSIONARY TRIP 2020

Missionary Director

SUMMARY

Greetings Saints of God,

It's by the Grace and Mercy of God our annual trip to Haiti was very fruitful. We were able to help our families in Haiti, and sustain many of the projects our God has allowed us to do for His Glory alone. We are always thankful for those that have believed in this Work in Haiti from the beginning and we are very grateful for those that God chose to help for the very first time. We believe and act on "Refreshing others".

Achievements for 2020

- God blessed us to drill our seventh well in 2 years at the Church located in Rung, Haiti. We were short on the cost of the well by \$1,400.00 (cost per well is \$5,000.00) God smiled on us and gave us a gift of \$2,800 from the owner of the Drilling company who is an old friend. God gave us double of what was needed to complete the seventh well.
- By the Grace of God we were able to start our 4th technical school in the village of Sufrey, Haiti. This affords the people the opportunity to develop skills and then take care of themselves better.
- The three Brothers that took the Journey with us held a Gospel meeting at the Church in Galman as well as taught morning devotion at the Center for Biblical Training (a College for ministers in training with Academics from the Sunset Bible Institute.) The Brothers, all from the Schrader Lane church of Christ; located in Nashville, TN are currently supporting two congregations in Haiti; took a journey within the journey to Port-au-Paix to check on one of the churches that they sponsor and found everything in order as God would have it.
- Baby Christella (age 2 now) was born with an imperforate anus had her third and prayerfully final surgery and is doing very well.
- It's by the Grace of God that your donations, supplies and support blessed the prison in Cap Haitian (1,100 inmates), approx., 35 churches of Christ in Northern Haiti, supported our widow program; 10 in total with monthly support, the House of Bethesda (a home for the elderly owned by the Haitian Christian Foundation, in Abilene, TX), supplied "The See Him Medical Compound" (owned and operated by members of the Body) with medical supplies and misc. items, supported many of the churches of Christ schools and orphanages. A rough guess of 17,000 Souls were given "Hope" through your generosity. Imagine that? All in 10 days God was able to use you and us to be His hands and feet in Haiti.

We continue to need your donations and your prayers!

We are currently raising FUNDS, NOW purchase 3,000 masks for the Churches in Haiti. Three thousand is not enough, but if we can save one life we are willing to do that.

The cost of one mask is \$2.00, a discounted rate, and this saves us money because the masks are made in Haiti. No custom fees! No taxes! No shipping cost!, and it helps out their economy.

Please consider donating to this cause. Some doctors and nurses are abandoning the hospitals.
